

Auto Accident Claims

Were you recently in an auto accident and experience joint or soft tissue discomfort? I can help you with advanced drug-free rehab and recovery. Auto insurance commonly covers the full cost of services provided. You may need a referral for coverage. Call my office for more information.

Avoid the Opiate Epidemic.

Pain Killers and other Pills and Shots are the most common medical treatment for joint & soft tissue pain and stiffness. However they only mask the symptoms without going after the cause so they can't fix the actual problem.

“The United States makes up less than five percent of the world’s population but consumes 80 percent of the global opioid supply and approximately 99 percent of all hydrocodone—the most commonly prescribed opioid in the world. And, according to the authors of a new literature review in the May issue of *The Journal of the American Academy of Orthopaedic Surgeons*, orthopaedic surgeons are the third highest prescribers of opioid prescriptions among physicians in the United States—behind primary care

All Natural – Fast Results

In my office I use unparalleled drug-free strategies for effective rehab and recovery of pain and stiffness. You can actively restore your function and performance quicker for a better quality of life.

“Eric is AMAZING! I love the idea that his work is all natural. No needles, no meds! He has helped with Carpal Tunnel, TMJ, Restless Legs, Shoulder Injury, Low Back Pain, just to name a few.” –Tanya Aldrich
